ABOUT ME

I am a dedicated Artificial Intelligence and Data Science (AIDS) undergraduate with a solid foundation in Java, object-oriented programming, and web development. **Currently learning Python to strengthen my capabilities** in data analysis and automation. I have practical knowledge in UI/UX design, cloud computing, and content creation. Passionate about applying AI and data-driven solutions to real-world challenges, and eager to contribute to innovative tech projects while growing as a versatile developer and cloud engineer.
